ADVISORY NO. 2023-0002

Dear SBITC valued clients,

To support incoming cargo bound to Manila, please be reminded that import truck weighing at the terminal is made readily available to validate and permit trucks within the weight limit to traverse the southbound portion of the Candaba Viaduct.

We highly encourage our consignees to request for the import truck weight as this may be beneficial to your logistical planning.

For Import weighing procedure, please see guidelines on how to secure the pass below.

THE 5 STEPS IN SECURING THE CANDABA VIADUCT PASS
