

Official Advisory of Subic Bay International Terminals

04/02/2021

ADVISORY NO. 2021-00018

Dear SBITC carriers,

We're pleased to inform you that Terminal Operating System (TOS) migration from AWS to Azure has been completed today (April 3) at 0700H.

Beginning today, please use the following pre-advise link:

<http://n4web.ictsi.net/apex/>

To review the pre-advise process,  [please click here for the updated manual.](#)

Kindly note that there are no changes to the previous pre-advise process except for the new access link.

As mentioned, the migration of SBITC server from AWS to Azure will improve the TOS performance. This will translate to better accessibility and more reliable and stable connectivity.

Thank you for the patience and understanding as we continue to improve our system and service.

For any inquiries or clarification on the system update, you may contact:
